

Grace Bay

52" POOL PACKAGE

Dare to Compare the Competitive Advantage

52" WALL WITH RUGGED, BAKED ENAMEL 6" STEEL TOP RAILS AND 5" STEEL VERTICALS WITH BEAUTIFUL RESIN TOP CONNECTORS.

Grace Bay walls are made from heavier copper bearing steel than industry standards - 30 to 60 pounds heavier than the competition. Weigh the difference!

Steel top rails are made from 20 gauge steel and are sturdier than the competition – increasing the strength and lifetime performance of the pool.

Steel verticals are up to 50% heavier than the competitors. This ensures maximum stability.

Compac Supports extend only 9 inches beyond the sidewall, not the standard 36 inches used by competitors. This accommodates larger pool models in smaller backyards.
